PUBLIC SPEAKING.
AT KENTONTOWN.
Hon. Wm. E. Arthur, will address his fellow citizens of Robertson county, at Kentontown, on Wednesday, June 22nd, 1870.

Speaking to commence at 1 o'clock, P. M.

Judge W. E. Arthur, will address the people at Leesburg on the 23rd inst., at 2 o'clock, P. M., and at night will speak at the Court House in Cynthiana.

WEST VIRGINIA.
The Democracy of West Virginia, met at Charleston, the new capital last week, and adopted a platform of principles thoroughly Democratic. They proclaim the supremacy of the white race, and the repeal of all test oaths. They should have put one in for repudiation. Then all would have been right.

A DEMOCRATIC CAUCUS.
The Democratic members of the Senate and House of Representatives, at Washington, D. C., held a caucus last Friday evening. It is understood that a more perfect organization of the party is under advisement, for the purpose of increasing the number of Democratic members of Congress. A campaign committee located in Washington, will soon be appointed.

THE INDIANS.
Some sixteen Indian Chiefs arrived in Washington from their Western Hunting Grounds, last week. "Red Cloud" is the name of their leader. He is Chief of the Sioux Tribe. They are in Washington for the purpose of smoking out a peace with Grant, and his radical advisers. We understand it is a failure—that Grant out smokes old "Red Cloud," and his Red Skinned friends—that no peaceful solution of the Indian question can be arrived at. Grant says "let us have peace," but he also says to the Indians, let us have all your hunting grounds—those broad acres must be given to the Congressional land thieves of Washington, or to the loyal bondholders who pay no taxes. They are the blood-suckers and sharks of the land. It is said that the Indians intend that Grant shall have no peace—that they intend to paint their faces and prepare for a savage warfare.

The people will have a stronger tax laid upon them soon, to pay the radical thieves for killing the Indians, capturing their hunting grounds and destroying their women and children.

Radicalism in this Indian business, crops out in the usual way. Its loathsomeness is seen in every transaction, and is felt by all the citizens of the Republic except Bondholders and Radical office holders.

Radical Republicanism means nothing more nor less than oppression and tyranny.

Radical officials have lied and deceived the Indians in every conceivable way; and because the red men have become weary with their lies and demanded a fulfillment of their treaties with the radicals, Grant demands more land. Old Red Cloud shakes his head, and is not satisfied. A few weeks will pass after the departure of these Indians from Washington, when the war whoop will be raised again, and the sharp crack of the rifle be heard on our frontiers.

DEMOCRATIC VICTORY IN OREGON.

The people of the State of Oregon have recently held a general election, for Legislators and State officers. The Democracy have elected a majority in the Legislature, and have elected other State officers. This is a triumph worthy of notice. It secures a Democratic Senator. One by one ye black republicans pass away.

CHARLES DICKENS.
The great English Novelist, died on Friday last, at his residence a God's Hill, near Rochester, in Kent, England. He was seized with Paralysis on the preceding Wednesday, and laid insensible until he died. His death has caused profound sorrow throughout the land.

HOW IS THAT?
We publish on the 1st page of to-day's paper, an article which reads stranger than fiction to us. The one we refer to is taken from the Courier-Journal, published in Louisville, but the point we desire to direct the reader is the confession made there by the old Cincinnati Gazette, wherein the editor declares that such men as Jefferson Davis, and John C. Breckinridge are needed in the Senate and House of Representatives of Congress—that these men are honest, and were watchful guardians of the United States Treasury. That Gazette man has confirmed us in the belief that the radical party is made up of the deepest dyed rogues. They are a fit squad of material to make a Mongrel Party.

THE SEVENTH CONGRESSIONAL DISTRICT.
We learn from the Lexington Observer and Reporter, that the Executive Committee of the 7th Congressional District, met in that city on the 5th inst., to determine the manner and mode of selecting a Democratic candidate to represent that district in the next Congress.

The committee deemed it inexpedient to hold primary elections. Mr. Trabue and Mr. E. Marshall, both made speeches to the committee in favor of the primary election, and it is said that Mr. Marshall asserted that if one was not held, that he was a candidate anyhow, convention or no convention.

We believe that Mr. M., is a strong and effective man, and capable of doing much good, but he will destroy himself, sure, if he permits himself to use such language as that which is ascribed to him. It looks bad in any man, however modest he may be, to force himself upon the Democracy. Mr. M., should talk and act like a Democrat, if he wants to represent his district.

The committee resolved to hold a Convention in Lexington, July 21st, to nominate a Democratic candidate for Congress.

MONGRELISM IN BATH COUNTY.

We learn from the Owingsville, Bath County, Enquirer, that some of the Mongrels are trying to play double on the Democracy of that county, and the spunky editor of that spicy sheet, has been giving some of them an atmosphereing. One Daniel Harper, has been charged with setting down and eating with his colored friends in Bath, and carrying out all the expectations of the great leaders of the "Black Barlot" party of the country, in placing himself upon an equality with his negro brethren of this country. Daniel, it seems has a family, and they are not quite so anxious to negroize themselves as he is—and they have therefore brought Daniel to judgement, and he declares that he was never guilty of so great a crime—and our friend J. G. Teles, Editor of the Enquirer, makes the correction, we think more for the benefit of said Daniel's family, than for Daniel himself. The Editor says:

"We did not intend the article as personal at all, but if Mr. Harper forces it upon us, as he seems inclined to do, we will make it personal, and will not shrink from the responsibility incurred in so doing. Some few men whom we know need venting, and at the slightest provocation, they will get it. A word to the wise."

From this we infer that Daniel did eat with the niggers, but finding that it would be unpopular with his white friends, denied the charge. Daniel should run with and eat with the niggers, or he should remain with the white people, to which race, we understand he belongs.

Falmouth Item.

The election of Mayor of Falmouth came off last Thursday, June 9th, and resulted in the election of H. Clay Dilts, Esq., of that city, by a handsome majority. Only six votes were cast by the darkies, and all voted for Mr. D., notwithstanding he is a violent Democrat.

CENSUS TAKING.

The Marshals appointed to take the census for our county, have begun their work, and are succeeding admirably. We are requested to say to our people that these gentlemen have nothing to do with taxation, or gathering taxes. They only want statistics, and they come to your homes with authority from the government to gather facts. We say to all treat them respectfully and answer their questions truthfully, as no harm can come to any individual in this thing. It may seem somewhat impudent and inquisitive, in these people to ask these questions, but it must be remembered that they are commanded to do as they are doing, and not for their own satisfaction. It is for the general good. Give in the statistics.

RELIGIOUS DISCUSSION.

To the Editor of the Cynthiana News.
DEAR SIR:—In the Cynthiana Democrat of June 11th, 1870, we find in a communication from the committee of the Methodist E. Church, South, addressed to the Editor, the following paragraph concerning the Cynthiana debate:

"In conclusion we have simply to say to these gentlemen, and the community at large, that at the time appointed June 21st, 1870, Mr. Ditzler will be in Cynthiana, ready for the discussion which these gentlemen have voted for."

In reply to this, we have simply to say to these gentlemen, (the committee for the M. E. Church South,) and the community at large, that at the time appointed, June 21st, 1870, Mr. Wilkes will be in Cynthiana ready for the discussion which "these gentlemen have voted for."

A FREEDWOMAN SUES ZEL WARD FOR \$20,000.

The Cincinnati Enquirer of a recent date says: A rather interesting case has been commenced in the Superior Court in this city, inasmuch as it revives some old reminiscences growing out of the custom of slavery, now supposed to be extinct. The plaintiff is Henrietta Ward, a mulatto woman, formerly a resident of this city, who brings suit against Zel Ward and a woman named Rebecca Boyd for the recovery of \$20,000 damages. The plaintiff sets up that in 1853 she was residing in this city, and had been living here for a number of years; that she was free, and the fact was well known and authenticated; but despite this, Ward and the woman Boyd conspired to deprive her of her liberty for the sake of gain and reward, and furthermore, that they succeeded. She claims that she was abducted by them from her peaceful home in this city and carried to Kentucky, where Ward held her in servitude for a period of seven months. He then sold her to one Gerard Bronson, of Mississippi, for the sum of \$1,050. This gentleman took her to Texas, and there worked her as a common field hand for fifteen years, without hire, reward or emolument—she remaining there in the bonds of slavery until her shackles were knocked off by the lamented Mr. Lincoln. She therefore claims that she is entitled to recover from Mr. Ward the full value of her services for the fifteen years she was deprived of her liberty by his unlawful act. Her attorneys are Lincoln, Smith & Warnock. The case is one which is likely to attract some attention.

ENTHUSIASTIC MEETING OF THE FRIENDS OF EDUCATION.

In answer to the several calls through the papers of our city, for those interested in building up a good school in Cynthiana, to assemble last Saturday, about 4 o'clock, P. M., the friends assembled in the Court House, and upon a careful count were found to be eleven in number. Of course this includes your correspondent, as well as two public spirited bachelors, who also they have no offspring to cultivate, are still solicitous for the welfare of the neighborhood, or else desire to provide beforehand, for the training of those pledges of affection which delightful anticipation contemplates in the not very remote future.

The meeting was organized by placing Dr. Perrin, in the chair, and appointing Dr. Peckover, Secretary, when the fact was made painfully apparent that whoever felt interest enough in the matter, to ask the community to come together, was still either absent in the flesh, or unprepared with any plan or sug-

gestions sufficiently matured to command the favorable consideration of the meeting.

Indeed, such was the dearth of talkers—that we began to fear a failure, when some young gentlemen of aspiring turns of mind, resolved themselves into a mutual admiration, or laudation committee, to the extreme delight and entertainment of the house, and out of this grew a motion to appoint a committee for the investigation of the entire subject, and a report to be returned at the next meeting fixed for that day two weeks.

We were surprised to find in a meeting called for laudable purpose, and furnishing so fine an opportunity for gifted tongues to say nice things that nobody was on hands to entertain us with a speech of power and eloquence, that would bring before us in one grand and comprehensive review, the inestimable attractions of education, evinced in the advanced condition of those people who have enjoyed its benefits, compared with the abject and ignorant state of those among whom the schoolmaster has not labored. But those gentlemen present who possessed the ability and genius for the task, were deterred by modesty perhaps, and we didn't get the speech.

One thing worthy of mention occurred to our mind, as we sat watching the action of this small, but earnest assembly of men—in their efforts to establish home facilities for the instruction of our children. It was a contrast between the number in attendance now, and a meeting held several years ago, to establish that quasi nuisance the Harrison County Fair.

Here we have for our object the mental culture of those who are nearest to our hearts, our own children, our pride, and hope, for the honorable perpetuation of our names, and the future of our country; but those whom we would think bound to give a helping hand, do not even give it countenance. There, where the object was the advancement of the brute creation, to improve the symmetry and speed of our horses, the fine qualities of our cattle and other domestic animals, the sturdy yeomenry of the land met, en masse, with open purse-strings, and generous rivalry to advance the object desired.

Is not the conclusion legitimate, that the good people of Harrison county, are indifferent to the interest of education, and do not desire proper mental training to show the highest attributes of our natures, but prefer to expend their means to enable them to properly display the fine stock, which is not only a source of pride, but a source of wealth.

It seems to us clear in the light of economy alone, that a good school is desirable for our city, and surrounding country, and the expense of sending one child for one year to a distant institution, by every parent who desires to give his children educational advantages, if applied to the erection of a suitable building, would secure the object desired.

What we need is a good school house, capacious enough to comfortably seat the children, placed under the jurisdiction of a capable man, with competent assistants, and then if Cynthiana does not boast of as good a school as any city in Kentucky, the divisions and schisms of a contentious people will alone be responsible for it. Why can't we all unite for once and give the thing a fair trial.

THE LIVING MACHINE.

Injure the main spring of a watch and every portion of the works becomes disordered. The human system is the human system, what that elastic piece of metal is to a chronometer. It influences the action of the other organs, and controls, to a certain extent, the whole living machine. The comparison may be carried further; for as the weakness or other imperfections of the main spring is indicated on the face of the time piece, so also is the weakness or other disorder of the stomach betrayed by the face of the body. The complexion is sallow or faded, the eyes are deficient in lustre and intelligence, and there is a worn, anxious expression in the whole countenance, which tell us plainly as written words could do, that the great nourishing organ whose office it is to minister to the body, and to sustain and renew all its parts is not performing its duty. It requires renovating and regulating, and to accomplish this end, Dr. J. C. Smith's Stomach Bitters may be truly said to be the one thing needed. The broken main spring of a watch may be repaired by a new one, but the stomach can only be repaired and strengthened, and this is one of the objects of the famous vegetable restorative which for twenty years has been waging a successful contest with dyspepsia in all climates. As a specific for indigestion it stands alone. When the resources of the pharmacopoeia have been exhausted, without, at best, doing more than mitigating the complaint, a course of this wholesome and palatable, yet powerful, stomachic effects a perfect and permanent cure. In all cases of dyspepsia the liver is more or less disordered, and upon this important gland, as well as upon the stomach and bowels, the Bitters act with singular distinctness, regulating and relieving every sensitive and diseased organ on which bodily and mental health depend.

THE SULTRY SEASON.

The Summer months are here, and as usual bring a long train of diseases—many dangerous and fatal. It is the season when nature can do little in recuperating our exhausted strength, and when we are required to fortify our physique against the dangers arising from the universal prevalence of sickness. The only true safeguard is that pure and reliable tonic and invigorator, MILLER'S HERB BITTERS, which is endorsed and recommended by the medical faculty and unnumbered thousands of persons in every city, town and village in the country, who have tested its remedial virtues, and by its aid reserved or recovered their health. It will purify the blood and secretions; cure every form of indigestion, and afford immediate relief in cases of Dysentery, Cholera, Cholera Morbus, and kindred diseases. Provide yourself now against a time of need. Delays are often dangerous. Price one dollar per bottle. Sold by all Druggists.

Koskoo.

This medicine is rapidly gaining the confidence of the people, and the numerous testimonials of its virtues given by practitioners of medicine, leaves no doubt that it is a safe and reliable remedy for many of the most common diseases of the human system.

The latest Medical Journal contains an article from Prof. R. S. Newton, M. D., President of the E. Medical College, City of New York, that speaks in high terms of its curative properties, and gives a special recommendation of Koskoo to the practitioners of medicine. This is, we believe, the first instance where such medicines have been officially endorsed by the Faculty of any of the medical colleges, and reflects great credit upon the skill of Dr. Lawrence, its compiler, and also puts "Koskoo" in the van of all other medicines of the present day.

The Extra Train leaves this place at 5:30, every morning during the Saengerfest, and returns late the same day.

Hon. T. L. Jones, M. C., made a good Democratic speech at the Court House on last Monday.

Another Man Hangs Himself.

One day last week, Mr. James Harding, who resides somewhere in the Northern part of Harrison county, was found hanging to the limb of a tree, in the woods near the residence of A. J. Hicks. Hicks discovered the body hanging up and cut him down, before life was extinct. The reason given by Mr. H., for cutting him down, was that he (Hicks) had just hired, a few days before, Mr. Harding to lay up a foundation for him for a new residence, and that he intended that Harding should fill his contract before he died. The rope used for hanging was made of Hickory Bark.

Personal.

Col. Jack Nichols, of Monticello, Mo., is now with his friends in this county, on a pleasure visit. He has been visiting our respected fellow-citizen, J. T. Nichols. The colonel is a remarkable man. He was born in Harrison about 60 or 65 years ago. His father's name was James Nichols, well and favorably known to our old fellow-citizens. The colonel removed to Missouri about 35 years ago, and has never regretted it. He has raised a large family of boys and girls, to each of whom he has given \$10,000, to start them in life. He is yet the owner of about 1,500 acres of land, has land, some as ever a cross flow over. He is a fine specimen of the fine old Kentucky gentleman, now of Missouri. We hope he may enjoy his visit to his friends in the land of his nativity.

Elder Wilkes of Lexington, called to see us last Monday. He informed us that he would be in Cynthiana, next Tuesday, the 21st, to discuss religious questions with his Methodist brethren. We understand he is powerful man in the pulpit.

Heifer Calf.

Mr. J. T. Brock, who resides near Leesburg, is the owner of a splendid heifer calf, about 8 months old, which is giving milk. Mr. B., informs us that she has a very large bag, and that she will give a pint of milk per day. What long blue grass man can beat it?

Leesburg.

Last Monday, we met several citizens from the "heart" of this "lovely" city. The hope is high in our bosom that our friend, Post-Master Hart, of that place, will continue to enjoy good health—and that Jesse Lovely, the merchant, may sell much calico. Mr. Lilly, is we learn continuing the even tenor of the road cut out for him.

On the Saturday, before the 5th Sunday in July, Elder Hopson will preach in Leesburg.

Leesburg will soon have six pikes passing through it. Why can't some enterprising citizen of that city, run an Omnibus line from Georgetown to Leesburg, and from thence to Cynthiana?

County Court Day in Cynthiana.

Last Monday was Court Day at this place, a heavy rain having fallen the day before, making the ground too wet for the farmers to work, brought a large concourse of people to town. A. W. Lydick, Auctioneer says, there was more cattle on the market than usual, and of a better quality. Sold about one hundred head, at the following prices: Four 2 year olds weighing about 1,100, at \$75 25 each; 9 do. weighing about 1,050, at \$72 20; 5 do. common at \$46 10; 8 short yearlings at \$33 90; 11 do. \$30; 10 do. \$27 90; 7 calves at \$25 50; 7 do. \$26 00; 6 yearling heifers \$37 60; 1 yoke of oxen \$134; 1 do. \$151; a few horses at fair prices; no Mules. Sales on 30 and 60 days. Day pleasant, bidding spirited.

We noticed several stock buyers from Bourbon and Scott counties, and if the farmers of Harrison and adjoining counties, would only bring their stock here on County Court Days, we would have the Bourbon and Scott men to come and buy their stock here, and such a market could be established in this place, as they have at Paris and Georgetown, and I shall never be satisfied until this is done, and with the co-operation of the people it can be done. It will be better for the merchant, tradesman, the people, and everybody to spend our money at home, and have them spend theirs with us.

Fourth Appellate District.

Capt. Wm. Lindsay, of Clinton, was nominated by a Democratic Convention of the Fourth Appellate District, which assembled at Hopkinsville, on the first instant. Capt. Lindsay is the present Senator from the counties of Hickman and Fulton, and has served in the General Assembly several sessions.

Bracken County Items.

David Brooks, Esq., an old and highly respected citizen of Bracken county, died at his residence near Augusta, last Friday. (June 10th). He served two terms as sheriff of his county, was elected to the lower branch of the Legislature from Bracken several times, and was for many years Treasurer of Bracken county.

Negro Mortality.

The negro mortality at Bardston has become a matter of note. Out of forty-eight persons buried between the 1st of January and the 1st of May, all but nine were colored.

Tape Worm.

James Curry, a bricklayer of Eminence, has for more than a year been suffering from frequent and at times almost unmanageable longings for certain articles of food, until a few days ago, when he placed himself under the care of Dr. J. M. Tood, under whose treatment he has been enabled to get clear of his tormentor, which proved to be about twenty-five feet of tape worm.

Gen. James Dudley, of Lexington.

Has been confined to his bed some weeks by sickness, and it is now announced that there is no hope of his recovery, as he is gradually, slowly passing away. Gen. Dudley is now in his 94th year. He came to Kentucky in 1786. Sixty years ago he was baptized into the Baptist church. He is, therefore, not only a very old man, but one of the old citizens of Kentucky, and perhaps, the oldest member of the Baptist church in the State. He has been honored by his countrymen and by his church with positions of influence.

Mr. Sterling Decorate.

This Democrats carried the town election in Mt. Sterling. The darkies voted solidly for the Radicals, but a number of white men heretofore connected with the Radical party who couldn't stand Sambo voted Democratic.

Hearth and Home.

For this week (dated June 25th), contains the first of a series of sketches entitled Jethro Throop's Night Thoughts, by John Thomas, who is no other than Petroleum V. Nasby. The great humorist will take an honest country boy to the city, conduct him through the usual experience, and restore him to his home a sadder and wiser boy, satisfied that the peaceful, honest, and temperate life of the farmer is the best and safest life that can be lived. This is a lesson greatly needed at this time, and Nasby is the man to teach it.

Ring's Vegetable Ambrosia.

"O! wealth of woman—wonderful! O! crown of honor!"

The most beautiful crown to deck the head of a woman is a profusion of long, dark, glossy hair. The production of such hair is wonderfully facilitated by the cleansing and stimulating properties of Ring's Vegetable Ambrosia, which is finding its way to the toilet cases of all American ladies.

Every scholar—and especially every minister—ought to have it.
